WRITING & PROJECT EXPERIENCE

US TikTok AI-video account | Independent operator May - Aug 2025

- Handled topic research, scripts, visual production, editing and publishing; organised AI-assisted scripting and multimodal production into a repeatable workflow.
- Used prompt templates and visual references, with manual consistency checks; used completion, engagement and comment feedback to inform subsequent topics, hooks and pacing.

Female-oriented AI comic drama | Pre-production planning Jun 2026 - present

- Planning a 60-episode, 9:16 vertical series; defining hand-offs between story, characters, visual direction and shot design.
- Review criteria include opening hooks, character motivation, pacing, episode endings and character consistency.
- Currently in pre-production; no episodes released. The 60-episode figure is planned scope.

Temu & TikTok Shop | Workflow design & brand planning Aug 2025 - present

- Organised trend research, AI-assisted design, content packaging, pre-listing checks and performance review into a workflow with defined hand-offs and human checkpoints.

Midnight Tide | Short-film writer

- Wrote the short-film screenplay and submitted it to the FIRST International Film Festival ultra-short-film section.
