01 EDUCATION

The University of Sydney | Theatre & Performance Studies, Bachelor Aug 2022 - Mar 2026

Degree conferred Mar 2026. Theatre performance and film studies; cross-cultural communication minor.

RMIT University | Master of Communication Design Expected Mar 2027

Offer received; not yet enrolled.

02 PROFILE

Storytelling & creative judgement:

Training in dramatic structure, character development and screen-text analysis, with original short-film writing and female-oriented comic-drama planning practice.

Overseas content & cross-cultural communication:

English-taught education, US TikTok operations and overseas-distribution internship experience, covering English research, script copy and cross-cultural communication.

Content operations & commercial awareness:

Managed topic research, production, publishing and review; used completion, engagement and comment feedback to guide iteration, with live-commerce and cross-border e-commerce experience.

AIGC production & Agent development:

AI-assisted multimodal production and Claude Code / Codex coding practice; use TypeScript / React to define task dependencies, interfaces and human-review workflows.

03 PROJECT EXPERIENCE

Midnight Tide | Short-film writer

- Wrote the short-film screenplay and submitted it to the FIRST International Film Festival ultra-short-film section.

Female-oriented AI comic drama | Pre-production planning Jun 2026 - present

- Planning a 60-episode, 9:16 vertical series, currently in pre-production with no episodes released.
- Review criteria include opening hooks, character motivation, pacing, episode endings and character consistency.
- AI-assisted development of a production console: TypeScript-based orchestration across 15 stages, dependency checks, Provider interfaces and human review checkpoints.

US TikTok AI-video account | Independent operator May - Aug 2025

- Handled topic research, scripts, visual production, editing and publishing; organised AI-assisted scripting and multimodal production into a repeatable workflow.
- Used prompt templates and visual references, with manual consistency checks; used completion, engagement and comment feedback to inform subsequent topics, hooks and pacing.

Temu & TikTok Shop | Workflow design & brand planning Aug 2025 - present

- Organised trend research, AI-assisted design, content packaging, pre-listing checks and performance review into a workflow with defined hand-offs and human checkpoints.

04 INTERNSHIP EXPERIENCE

Huanyu Entertainment | Distribution intern Dec 2022 - Jan 2023

Supported overseas distribution through English materials, series selling points, project documentation and overseas market research.

NetEase Youdao | Live-stream operations coordinator Sep - Dec 2022

Supported Double 11 live-commerce operations, host collaboration, live-session coordination and audience-interaction improvements, contributing to a campaign that achieved seven-figure GMV in RMB.

05 SKILLS & LANGUAGES

Agent development	Claude Code / Codex-assisted TypeScript / React programming; multi-stage dependency orchestration, tool/API interfaces, execution-state tracking and human review checkpoints.
Content & AIGC	Dramatic structure analysis, character and world-building, narrative hooks and pacing, prompt design and iteration, multimodal visual generation, post-production editing and content quality review.
AI skills	ChatGPT / Claude / Gemini; Midjourney; Stable Diffusion / ComfyUI; Seedance / Runway; CapCut.
English	Three years of English-taught study; English-language research and writing practice; IELTS 6.0.

Bachelor's degree conferred; master's offer received, not yet enrolled. Start date and internship schedule can be discussed.
